|---|---|
| **R.A.D.A.V college**<br>Science<br>73.38 | **March-2020**<br>HSC |
| **MCC college**<br>Information Technology<br>8.8 | **March-2024**<br>Bachelor of Science in Information Technology |

## Projects

**DreamXpert**                                                                January 2024

I made the python-flask project in 3rd year of my graduation.In this project the user can see the predicted scores and wickets of the cricket player.User can choose both team and get their prediction in few minutes.

**Medical Stock Manager**

Used to manage the inventory of the medical shop.

🔗 https://github.com/siddharthsharma7678/StockManager

I made it for my younger brother.who want some website to add the medicine and sales the medicine and check the amount of stock available . but i cannot made it perfectly because my brother purchased some paid websites.
